Italian Music Entertainment Testimonials

“On Saturday I photographed a wedding at The Ritz Carlton with Micheal CASTALDO! I can't rave enough about his professionalism, his beautiful voice, terrific band-mates and elegance. He helped to make the small intimate wedding a true celebration and even gave the bride and groom a gift of sheet music written specially for them.” --- *Cyndi Shattuck – Photographer (Ritz Carlton NYC- November 2007)*

“Micheal: You were the best today. Very professional; On time, Meticulous, Courteous, Flexible and a Great Vocalist. In case nobody noticed all these facets, I did. Thank You for singing *Notte di Lucci-Nights* in *White Satin*. It was special to me and my family who could not all be present. I was a little nostalgic as it was my fathers birthday weekend and he passed away in 1985. It was also my 40th anniversary of being on the Hofstra campus when I decided to travel alone to Italy for the first time(1967). Bob Spiotto was amazed that we were able to get you to perform while Josephine glowed in your discovery and general "Simpatico." The Magazines, presented to the audience, during your first song, went like hot cakes. Even Louisa Lagata(a non-subscriber) came up to me and requested one. I know the audience "experienced" and was treated to your incredible vocal brilliance and musical arrangement. Looking forward to working with you in the future” --- *Benedetto Scanella, Founder & Editor of L'Esperienza Magazine (Hofstra University Italian Day – September 2007)*

“Anthony and I would like to thank you for your memorable performance. When our guests first heard you sing they thought it was a Bocelli cd. My friends and family said that your voice gave them chills. Now whenever we listen to your CD, I get tears in my eyes and it reminds of our beautiful day. We thank you for being a part of it. We will hope to have you at our first child's christening!” --- *Lauren & Anthony Romeo (Oheka Castle, NY - June 2007)*
